

## How to Open and Manage Your SOARS Account

This paper is designed to take you through the process of starting a SOARS log and recording your events and training. If you have questions or encounter problems, please email the Race Administration office at [raceadmin@ussailing.org](mailto:raceadmin@ussailing.org) or call the office at (401) 682-2953.

### What is SOARS?

The Sailing Officials Automated Reporting System (SOARS) is US Sailing's log for race officials. It is a handy way to keep track of the events you have run or worked on, courses you have taken, courses you have taught and other race official duties you may have performed. Use of SOARS is required for anyone who wishes to be certified or recertified as a race official by US Sailing.

The system also allows area officials and members of the race officials committees, who manage the certification of officials, to easily view members' logs and evaluate their experience.

### Getting Started: Accessing SOARS

SOARS is available at <http://www1.ussailing.org/SOARS/MainMenu.aspx>

- 1) Start by logging in to SOARS. You will need your US Sailing member ID (a six-digit number followed by a capital letter – for example, 111111A) and your password. You can reset your password at [My US Sailing](#).
- 2) If you have a problem with your password or can't reset it, please contact US Sailing and one of our staff can reset it for you.

### Navigation and Keyboard Shortcuts

- Feel free to bookmark the entry page, but bookmarks will not work on limited access pages.
- Grey fields are Read Only and cannot be edited
- Fields marked with a red asterisk are required
- You can use the following key combinations to navigate on most pages:
  - Ctrl-Home – takes you to the beginning of a line or a selection box
  - Ctrl-End – takes you to the end of a line or a selection box
  - Ctrl-click allows you to select multiple items
  - Shift-click allows you to select all items in a range
  - Ctrl-F – opens your browser's Find window
  - Ctrl-P – opens your browser's Print window (but note that there is also a dedicated View/Print function on some pages)
  - Tab – takes you to the next data field

- Please use the navigation buttons on the SOARS pages, and please resist the temptation to use your browser’s back button.
- “Wildcard” searches are possible using the % symbol. This function allows users to search for names of events and people using a portion of the name. The % symbol can be used before, after, or on both sides of text in a search box. For example, entering:
  - *frank%* returns results such as Franks, Franklin and Frankenstein
  - *stein%* returns results such as Stein, Steiner and Steinhauer
  - *%stein%* returns results such as Frankenstein, Steinhauer and vonSteinmeister
- Pop-ups – several pages in SOARS will appear as a pop-up rather than a separate tab. You may need to adjust your browser’s pop-up settings to permit this. The method varies with your browser:

### About your General Information

- Your name and other profile information can be edited in [My US Sailing/My Account](#).
- Your club and class affiliations can be edited in [My US Sailing/My Sailor Profile](#) (you can list only one club and one class – sorry).
- You must update your general information at least once a year. When you make a change in your Annual Report, you will be asked to confirm that all your information is now current. If it is not, SOARS will require you to update it before you continue. **Some functions may not be available to you until you update.**
- Only your current certifications, tests and Continuing Education events are listed on the Main Menu screen. A complete history can be found on your Annual Report screen.

## Main Menu Screen

This is the first screen you will see when you enter SOARS. Users choose from three types of activity on this page.

The screenshot shows the SOARS 2.0 Main Menu interface. At the top left is the US SAILING logo. The top right navigation bar includes links for JOIN US SAILING, MEDIA, SHOP NOW, CALENDAR, MY US SAILING, and a Log Out button. A left sidebar contains a list of navigation options: My Home, My Account, My e-Subscriptions, My Sailor Profile, SailFlow Weather, My Races & Results, My Certs & Courses, My Committees, My Events, My PHRF Boats, My Membership Card, Member Coupons, Change My Password, PHRF Handicaps Book, Find A Place to Sail, Benefits, Contact Us, and US Sailing Home.

The main content area is titled "SOARS 2.0" and "Sailing Officials Automated Reporting System (SOARS) Version 2.0". Below the title is a descriptive paragraph: "This system allows certified or prospective Race Officials to track their availability and activity online. SOARS is the official reporting mechanism for US Sailing. Its use is required for all members who wish to be certified or re-certified."

The "Main Menu" section displays member information: Member ID: 1234567, Name: JOHN SMITH, Area: New York, and Membership Expiration: 12/31/2017. A callout box points to this area, stating: "This area shows your current certifications, tests, and Continuing Education units. A complete list is located on your Annual Report page."

The "Current Certifications and Tests:" section lists:

- Current Certifications:**
  - Regional Race Officer - Issued: 3/18/2014, Expiration: 12/31/2018
  - Judge - Issued: 12/31/2014, Expiration: 12/31/2018
  - Race Management Instructor Basic Certification - Issued: 10/27/2013, Expiration: 12/31/2017
  - Small Boat Instructor Level 1 Instructor Certification - Issued: 10/23/2014, Expiration: 10/22/2017
  - Powerboat Instructor Certification - Issued: 2/12/2014, Expiration: 2/11/2017
- Current Tests (less than 4 years old):**
  - JRT @ Eastern 11/07/2015 (70 CEUs); 70 CEUs
  - AJS @ NYYC 12/06/2014 taken 2014, score 94%
  - ARMS\_NYYC\_3\_9\_2014 taken 2014, score 94%

The "What would you like to do?" section features three buttons with callouts:

- Annual Report**: Callout: "View and edit your general information, such as your associations, preferences and a complete history of your tests, Continuing Ed events and certifications."
- My Log Book**: Callout: "Enter information about your role and responsibilities in events."
- Admin Reports**: Callout: "Administrative reports are available to Area officers and others with administrative privileges."

### New Log Entry – Event Search

- SOARS will ask you to search for an existing event before you create a new event. This prevents users from creating multiple listings for the same event.
- To add your information to an existing event, click “Select” next to your event in the results box.
- If you don’t find the event after searching by any combination of date, state and/or keyword, click the “Create New Event” button.
- If you select an existing event, you will be taken to the Event Detail screen for that event, where the event information will already be filled in.
- If you are creating a new event, you will need to fill in the information about the event before entering your own personal details.
- For “Event Level,” Event Format,” Course Type” and “Boat Types,” you may choose “Training” if you are entering a seminar or other training event. Use “Number of Entries” to indicate the number of participants in the event.

**NOTE: Please be certain you have the correct information about the event, such as the name, classes, number of boats and number of races. If you are not certain, it’s best to defer to the event organizer or to your ARO or RAJ. You will find email links to both on the Event Detail screen.**

**IMPORTANT - PLEASE READ: After an event is created and saved, only people with administrative privileges (such as AROs, RAJs, committee members and Race Administration staff) can edit the event details. You may edit your own role details at any time.**

**Similarly, events that were converted from SOARS 1.4 may be missing some data, which will prevent you from saving changes. Please ask your RAJ or ARO for assistance with these events.**
