

## Prerequisites: US Sailing Adaptive Sailing Workshop

### Course Goals

The Adaptive Sailing Instructor Workshop covers all aspects of setting up, and teaching, an adaptive sailing program. Topics include: Facility requirements, disability types/populations, breaking down barriers to participation, safety requirements, volunteer/staff training and a detailed overview of how to correctly adapt your equipment (or what equipment is available to purchase). A heavily interactive course, attendees will go through a variety of exercises to help them better understand what's required to teach sailors with disabilities.

### Training Materials

[The Adaptive Sailing Resource Manual will be the provided text for this course.](#)

### Course Length and requirements

This is a three-day, 25 hour course.

It is strongly recommended that all participants hold US Sailing Small Boat Level 1 or Basic Keelboat Instructor Certification. However, non-certified participants may take part in the workshop noting:

1. Participants that **do not** hold a current US Sailing Instructor Certification **will not** receive the **Adaptive Sailing Instructor Endorsement** at the completion of the course. Any non US Sailing Certified participant wishing to become a US Sailing Certified Small Boat or Basic Keelboat Instructor with the Adaptive Endorsement will have up to six (6) months after successful completion of the Adaptive Workshop to successfully complete the US Sailing Small Boat Level 1 or US Sailing Basic Keelboat Instructor Course. It is up to the participant to inform and provide proof of certification to US Sailing within this time period to be eligible to receive the Adaptive Instructor Endorsement.
2. Priority will be given to USSA Certified SB or BK Instructors when space/time is limited during the “hands on- on the water” training and interaction with sailors with disabilities portion of the workshop
3. Participants that **do not** hold a current US Sailing Instructor Certification and take part in all of the on and off the water training throughout the duration of the workshop and has the IT acknowledge such completion will receive a certificate of completion after the workshop. This will not be a Certificate for Instruction or Endorsement.
