The selection process consists of two steps:

1. Pan Am Games Qualifying Regattas
2. US Sailing Pan Am Games Trial Events

Pan Am Games Qualifying Regattas

World Sailing and the Pan American Sailing Federation (PASAF) require that all Member National Authorities (MNA) qualify for entry slots in each of the 10 11 events chosen for the Games as outlined in the 2019 Qualifying System and Regatta Schedule (this document outlines how countries qualify country slots): <http://panamsailing.org/wp-content/uploads/2017/11/PASAF-2019-QUALIFYING-SYSTEM-AND-REGATTA-SCHEDULE-REVISED-15-NOVEMBER-2017.pdf>

Entry to Qualifying Regattas are governed by the Notice of Race per qualifying event.

Athletes must meet the Pan Am Games eligibility criteria at the time of the qualifying event.

Any individual/team that earns an entry quota for the 2019 Pan Am Games at a Pan Am Games Qualifying Regatta will only qualify the quota for the USA and not themselves by name.

US Sailing Pan Am Games Trial Events

The Olympic Sailing Committee of US Sailing (OSC) is planning to send one individual/team per event to the Pan American Games, pending country qualification as identified at the link under 1.1.3. To select athletes for the Pan American Games, Trials will be held, as identified above in Section 1.2.1. The top eligible finisher(s) in each event will be the Pan American Games Team nominee(s) to the USOC. All

individuals/teams must meet the eligibility requirements outlined in section 1.1 otherwise the individual/ team will be ineligible.

If the top eligible finisher(s) of the Trials event(s) does not choose to accept their slot, the next highest eligible finisher(s) from the same Trials event(s) will be offered the slot. If pass downs continue to occur or an individual/team does not meet the eligibility standards, the finish order at the Trials event(s) will be used to determine the next individual/team to earn the slot. If no individual/team chooses to accept the slot, or if no individual/team participates in the Trials, the Selection Committee will select the individual/team per the criteria outlined in 2.2 below.

1.3.1 Scoring:

For the classes that have a two-event selection, (49erFX-Women, Nacra 17-Mixed, 49er-Men), the athletes will be selected with the best series score. The series score will be generated using a low point scoring system whereby finishing position equals finishing points, counting finishing positions including international teams at both events. For example: if a boat wins the 2019 World Cup Series Miami, and the boat finishes six at the Trofeo SAR Princesa Sofia, they would have a total of seven points. If this is the the lowest series score of all US team, the boat will be nominated to the 2019 Pan American Games Team

If there is a series-score tie between two or more boats, they shall be ranked in order of the better score at the second event, Trofeo SAR Princesa Sofia (Palma de Mallorca, ESP March 29 – April 6, 2019).

Teams must compete in both events to be eligible for selection.

2. DISCRETIONARY SELECTION (if applicable)

2.1 Provide rationale for utilizing discretionary selection (if any):

Discretionary selection will be used in the situations as outlined below:

2.1.1. If no eligible individual/ team qualifies for or accepts a slot at the designated Trials, no individual/team participates in the Trials, or the Trials is a “non-event” as defined in the Notice of Race for that event and cannot be rescheduled in a suitable time frame.

2.1.2. In a crewed event with 2 or 3 athletes, if one member of the qualifying boat is unable to accept his/her place on the team.

If more than one member of a crewed boat with 2 or 3 athletes needs to be replaced, the replacement procedures in Section 4 will apply.

2.2 List the discretionary criteria and explain how they will be used (if any):

The sport of Sailing is not a measured or timed event. Sailing is a sport that requires proficiency in a wide range of individual skills including physical, technical and psychological elements. In classes with more than one sailor in the boat, these skills must be combined to form an effective unit.

US Sailing considers that the mix of selection criteria set out in Section 2.2 will result in the best, most competitive athletes, and in the case of the double and triple-handed classes, the most competitive teams.

If Situation #1 (Section 2.1.1) occurs, the following criteria will be used by the Selection Committee (in no priority order):

- Highest probability for medal-winning performance as determined by the Selection Committee, based on performance in past national and international level regattas, within four calendar years prior to the date of the conclusion of the Tryout event for that class in Section 1.2.1.
- Factors will include physical and technical proficiency as follows:

Physical

- Possesses appropriate fitness and strength as evidenced by performance in past national and international regattas, within four calendar years prior to the date of the conclusion of the Tryout event for that class in Section 1.2.1.
- Has the appropriate physical size to be at a competitive size and weight.

Technical

- Proficient in the boat handling and trim techniques for the class (tacking, gybing, use of the spinnaker, sail trim and balance), and the game situations and tactics, as evidenced by performance in past national and international regattas.

All individuals/teams must meet the eligibility requirements outlined in section 1.1, otherwise the individual/ team will be ineligible.

If Situation #2 (Section 2.1.2) occurs, the following criteria will be used by the Selection Committee to select the replacement athlete (in no priority order):

- The criteria from Situation #1 above.
- Consultation of Selection Committee with the remaining athletes in the boat.

2.3 Provide the name of the committee that will be responsible for making discretionary selections, along with a complete list of the members' titles currently serving on the committee:

JJ Fetter, Committee Chair, Athlete
Dave Perry, US Sailing Board of Directors, Appeals Committee Chair
Mark Reynolds, Most Decorated US Olympian in Sailing, Athlete
Luther Carpenter, US Sailing Team Senior Olympic Coach
Malcolm Page, US Sailing Team Chief of Olympic Sailing
Meredith Brody, US Sailing Team Olympic Manager
Sally Barkow, US Sailing Board of Directors, USOC Athlete Advisory Council
Representative – Sailing, Athlete
Thomas Barrows, Member US Olympic Team 2016, Athlete

If any individual listed above is no longer able to serve on the committee, the individual will be replaced.

2.3.1 Specify the process that will be used to identify and handle any potential conflicts of interest involving a member of the committee.

Any member of the selection committee that has a possible conflict of interest must disclose it. If such conflict exists, the selection committee member must recuse him/herself from committee discussions and voting. Further, the committee member should not otherwise influence other members of the committee in the selection process. However, a committee member who recused him/herself, but who has relevant and necessary information with respect to athlete performance, for example a national team coach or high performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and the committee member who declared the conflict of interest does not vote toward the final decision.

3. REMOVAL OF ATHLETES

3.1 Prior to entry by name to the Local Organizing Committee by the USOC, US Sailing has jurisdiction over potential nominees.

An athlete who is to be nominated to the Team by US Sailing may be removed for any of the following reasons, as determined by US Sailing:

- 3.1.1 Voluntary withdrawal. Athlete must submit a written letter to US Sailing's Chief of Olympic Sailing.
- 3.1.2 Injury or illness as certified by a physician (or medical staff) approved by US Sailing. If an athlete refuses verification of his/her illness or injury by a physician (or medical staff) approved by US Sailing, his/her injury will be assumed to be disabling and he/she may be removed.
- 3.1.3 Failure to participate in Mandatory Training and/or Competition as defined in Section 9 of these procedures.
- 3.1.4 Violation of the NGB's/HPMO's Code of Conduct (Attachment 1).

An athlete who is removed from the Team pursuant to this provision has the right to a hearing per US Sailing Bylaws 702 and the USOC's Bylaws, Section 9.

- 3.2 Once athlete entries have been submitted to the Local Organizing Committee by the USOC, the USOC has jurisdiction over the Team, at which time, in addition to any applicable NGB/HPMO Code of Conduct, the USOC's Code of Conduct and Grievance Procedures apply. The USOC's Code of Conduct and Grievance Procedures can be found at:

<http://www.teamusa.org/Athlete-Resources/Athlete-Ombudsman/Resources/Code-of-Conduct>

4. REPLACEMENT OF ATHLETES

- 4.1 Describe the selection and approval process for determining replacement athlete(s) should a vacancy occur:

- 4.1.1 prior to submission of Entries by Name to the Local Organizing Committee, including any applicable group or committee:

After the beginning of the first event in 1.2.1.1 and prior to confirmed nomination:

Any request to the Selection Committee to allow a team to split up for reasons as outlined in 3.1.2, 3.1.4 and 3.3 is at the discretion of the Chief of Olympic Sailing. In the event of the need to replace either the skipper or crew in a doublehanded boat, the Chief of Olympic Sailing will decide whether or not to approve a replacement athlete using the rationale and discretionary criteria in Section 2. If a replacement athlete is approved, the boat (as defined in 1.3 Scoring) will carry forward any scores. If a replacement athlete

is not approved by the Chief of Olympic Sailing, no points will be carried forward by the boat.

In the event of the need to replace one athlete in a crewed event with 2 or 3 athletes, a Selection Committee will use the discretionary criteria (see Section 2.2) to select or approve a replacement athlete.

In the event of the need to replace an athlete in a single-handed boat, or the entire team in a double-handed boat, or two or more athletes in a triple-handed boat, they will be replaced with the next highest overall finishing boat from the series standings for the Selection Event in the same class (see Section 1.3).

- 4.1.2 after submission of Entries by Name to the Local Organizing Committee, including any applicable group or committee:

Same process as referenced in 4.1.1.
