[Sue@starboardmedia.com](mailto:Sue@starboardmedia.com) asks:

What kind of compass can we use? May we use a Nautalytics electronic compass/timer (without “smart” features)? May we use the compass on a cell phone?

### **Race Committee response:**

Per Sailing Instruction Addendum A1.a(6): “Digital or analog hand-held compasses, timers and watches are permitted items.”

Digital compasses like the small Tac-Tic or Nautalytics digital compasses, that have no tactical capabilities, are allowed. Regular analog compasses are allowed.

Cell phones are NOT allowed to be used for compass or navigational features.
