JETTS Continuing Education Events & Units Notes:

- 1) A Club Judge requires 80 CEUs over their four-year term. A Judge or National Judge requires 160 CEUs over their four-year term.
- 2) There can be only a single (1) Lead/Chair per Seminar, Clinic, Roundtable, or Protest Day Event.
- 3) For any specific Event, the quantity of CEUs earned is not cumulative, but the maximum units associated with roles. For example, during a full day Roundtable, a person serving as both a Coordinator (10 CEUs) and a Topic Lead (80 CEUs) would obtain 80 CEUs. A Topic Lead for one topic and Participant for others earns 80 CEUs. Topic Leads facilitating more than one topic earn 80 CEUs.
- 4) A majority of CEUs used to reach/accumulate the minimum number of CEUs associated with a certification level (see Note 1 above) shall be at events where the judge engages in an active role or activity. For example, a club judge serving only as a Coordinator (10 CEUs) at eight (8) events accumulates 80 CEUs, but only 40 CEUs would be eligible for meeting certification requirements.
- 5) Taking and successfully completing the required SafeSport web based training provides 15 CEUs for a judge (i.e., initial webinar is 1.5 hours). As US Sailing requires judges to take this every two years, there are a maximum of 30 cumulative CEUs for this event over their four-year term.
- 6) For any other specific web based training event or webinar event, a Judge receives CEUs only for the first time they successfully complete that specific event.
- 7) On a case-by-case basis, the JETTS Chair or Judges Committee may designate an additional event(s) as being eligible for CEUs. Examples of such events may be rules seminars at the beginning of a new rules quadrennium, judge seminars offered by other MNAs or World Sailing, or other notable services or event attendance.
- 8) CEU credits are calculated at the rate of 10 credits/hour. For half day fleet race umpire seminars, judges clinics, and roundtables, only half the number of full day CEUs are eligible for meeting certification requirements.
- 9) Regional Judges and National Judges will NOT receive CEUs for taking a Club Judge Seminar as a participant.
- 10) Participants in a World Sailing IJ Seminar will receive the same number of CEU credits as a participant in an Advanced Judge Seminar.

For the US Sailing Judges Committee
