B. SPECIAL LANGUAGE ON CHILDREN UNDER 13

US Sailing’s online services are intended for general audiences. COPPA and its rules require us to inform parents and legal guardians (“parents”) about our practices for collecting, using, and/or disclosing personal information from children under the age of 13 (“children”). We are also required to obtain verifiable consent from a child’s parent for certain collection, use, and disclosure of the child’s personal information. This section notifies parents of the types of information we may collect from children, how we use the information we collect, our practices for disclosing that information, our practices for notifying and obtaining parent consent when we collect personal information from children (including how a parent may revoke consent), and all operators that collect or maintain information from children through US Sailing’s online services.

This section only applies to children under the age of 13 and supplements the other provisions in our policies, which generally apply to teenagers and adults. We urge parents to discuss with their children, regardless of age, the importance of protecting the confidentiality of any personal information, both on and offline.

1.
 1. Information We Collect About Children
 - a. US Sailing’s online services are intended for a general audience; therefore, children can access many parts of our platforms without providing us with any personal information. However, some content is only available to US Sailing members, including the membership registration process and apps, which requires us to collect certain personal information.
 - b. We use certain technologies, such as cookies and/or others, to automatically collect information from our users when they visit our online services.
 - c. We only collect the information that is reasonably necessary about a child, so they may participate in activities as a US Sailing member. We do not condition his or her participation on the disclosure of more personal information than is reasonably necessary.
 - d. Agreement to this policy means a parent has consented to US Sailing collecting and using this information about his or her child.

Therefore, we have no actual knowledge of collecting information directly from a child.

- e. If you wish to opt out of parental consent, you may do so by contacting us through the information provided in the **Contact** section of this document.
2. Information We Collect Directly
 - a. A parent must provide us with the following information to register as a member with US Sailing: child's name, child's birthday, phone number, address, and parent's email.
 - b. We generate a member ID number for the child, which is used as his or her identifier in our database.
 - c. Agreeing to this policy means you, the parent, have consented to US Sailing collecting and using this information regarding your child.
 - d. If you wish to opt out of parental consent, you may do so by contacting us through the information provided in the **Contact** section of this document.
 3. Automatic Information Collection and Tracking
 - a. We use technology on our online services that automatically collects information from users, including children, when they access and navigate through our website and apps. The information we collect from these technologies may include:
 - i. One or more personal identifiers (ex. IP address, cookies) that can be used to recognize a user over time and across different websites and services
 - ii. Information that identifies a device's location
 - b. For more information, please contact us through the information provided in the **Contact** section of this document.
 4. How Your Child's Information is Used
 - a. We use the personal information we collect from/about your child to register him or her for a US Sailing membership and generate a Member ID number.
 - b. Once enrolled as a member, we assign your child a Member ID number, which can then be used to unlock use of discounts from our partners, use of apps on a mobile device, training courses, athletic improvement tracking, and other activities limited to US Sailing members.
 - c. We only use the Member ID number and occasionally first and/or last names to unlock these member benefits.
 5. Third Party Information

C. INFORMATION COLLECTION

1.

1.

1. Active Information Collection

- a. As described above and like many websites, our online services collect information from users and/or members by asking specific questions that require a response, and by permitting communication directly with us via email, feedback forms, chat rooms, and more. Some of the information you submit may be personal information, as in the case of our membership registration process described in the CONSENT and SPECIAL LANGUAGE ON CHILDREN UNDER 13 sections of this document. You will be notified what information is required and what is optional at each collection point.

- a. As you use our online services, certain information may be passively collected. This means that it is collected without you having to actively provide this information. This is done through various technologies and means, including, without limitation, cookies:
 - i. Cookies are small data files transferred to your computer when you allow your browser to accept cookies. Cookies are used to gather basic tracking information and to monitor the presentation of advertisements. D. CONTENT LINKED ON US SAILING SITE

1.
 1. You may be directed to other sites and applications beyond our control when using our online services. It is your responsibility to make yourself aware of this. For example, this happens when you click on an advertisement and the click takes you off our online service and onto another site or application, not run by US Sailing. This includes, without limitation, links from advertisers, sponsors, and/or partners that use our logo as part of a co-branding agreement. These other sites and/or applications may use cookies, independently collect/solicit data from you, and/or solicit personal information, among other practices. These other websites may also not have privacy policies of their own. US Sailing is not responsible for the privacy practices and/or the overall choices regarding privacy practices of third parties.
 2. You may have been directed to our online services from a link on another site or application. US Sailing is not responsible for the privacy policies of any third parties, regardless of whether the third party led you to our online services or if our online services led you to the third party.
